## The Announcement

---

During 1928 and the years immediately following, the attention of the entire Shorthorn cattle fraternity was forcibly drawn to the foundation purchases made by Dr. M. M. Russell, a prominent physician and large land owner of Chillicothe, Mo. This foundation was not large, but it contained numerous top members selected from several of the most noted breeding herds in Missouri. Through the mating of excellent herd bulls to these fine foundation females, Dr. Russell has built up a herd of 40 head, all wonderfully useful individuals, thoroughly healthy and exceptionally prolific.

It is to be regretted that this good herd cannot be continued as a source of supply of good seed stock, but Dr. Russell finds that his medical practice and other business interests demand so much of his time that he must let up on some of his activities. Hence the herd is to be dispersed and buyers are to be allowed the opportunity to purchase cattle that heretofore have not been offered. A rare opportunity is thus afforded.

From the great herd maintained by the late A. O. Stanley at Sheridan, Mo., Dr. Russell obtained the first three females for the foundation of the present herd. **Lady Laura 20th** and **Lady Laura 19th**, a roan daughter and a red granddaughter, respectively, of the noted imported cow **Lady Laura Cruickshank**, she a granddaughter of **Lex of Cluny**, were the first purchases and they were a wonderful pair of heifers. Both were sired by **Merry Revelation** and in calf to **Marshal's Emblem**, a grandson of the famous bull **Fair Marshal**. Also from the Stanley herd he obtained the fine cow **Rosewood Cloris 2d** with a heifer calf at foot by **Merry Revelation**. To these he added the good cow **Fancy Heiress 2d**, a granddaughter of **Village Beau**, purchased from **Ravenswood Farm**; from **Bellows Bros.** he purchased a beautifully bred **Victoria** heifer; and from **Frank C. Baker** he purchased an equally choice **Augusta** heifer sired by **Ballylin Rodney**. The present good herd is almost entirely descended from this carefully selected foundation.

The dispersion sale will include 30 females, 17 of them mature cows that are well forward in calf or have their calves at foot. A very choice group of open and bred heifers make up the balance of the female offering. There will be 10 bulls in the sale, including the two good tried sires, **Renraw's Emblem** and **Marshal's Challenger**, the former a roan 4 year old that has produced many good calves in the herd, and the latter a very compact, well balanced 2-year-old whose calves are just now arriving. Both bulls were bred by Dr. Russell and are sons of the good sire **Elmwood Marshal**, the grandson of **Village Supreme** that has been used with such great success in the herd for many years.

This dispersion sale is not indicative of any lack of interest on the part of Dr. Russell in the Shorthorn breed and he openly expresses a desire to re-enter the business at a time later in life when his duties along other lines are less confining. Every animal in the sale is healthy, in good condition and a regular breeder and the owner expresses his confidence in them by offering them with regulation guarantees, a factor which makes this a dispersion of more than usual interest.

If you are seeking well bred Shorthorns, you should take advantage of the opportunity offered in this dispersion sale.—**Hal Longley** of **The Shorthorn World**.
